

I AM PATIENT SAFETY

PENN HIGHLANDS HEALTHCARE

Recognized for her dedication to patient safety by the Pennsylvania Patient Safety Authority

Jolene Barbazzeni is committed to patient safety at Penn Highlands DuBois. Jolene leads the “Good Catch” committee, which recognizes incidents or near-miss events that could have caused harm to patients but did not actually occur. She has had many “good catches” that have prevented harm to a patient.

Most recently, Jolene’s effort was chosen as the “Good Catch of the Month” when she prevented a potential wrong-site surgery. A patient needed surgery on the right side of his neck to prevent a stroke. Jolene noticed the wrong side was documented in his record. She immediately notified the patient’s caregivers, and the patient received the proper surgery.

Join the Pennsylvania Patient Safety Authority in congratulating Jolene Barbazzeni for making patient safety at Penn Highlands DuBois a priority.
