

George Miller, RPh
Clinical Pharmacy Manager
Jeanes Hospital

Recognized for his dedication to patient safety
by the Pennsylvania Patient Safety Authority

I AM

Patient Safety

George Miller is committed to patient safety at Jeanes Hospital. As a Clinical Pharmacy Manager, George worked closely with physician leadership, nursing, and the hospital pharmacy and therapeutics committee to develop protocols to improve the efficiency of anticoagulant therapy and other medications. Because of George's efforts, the protocols have resulted in an 80% reduction of adverse events related to warfarin.*

As a member of Jeanes Hospital Patient Safety Committee, George actively works with staff to reduce medication safety events by partnering with them, not blaming them. He also encourages staff to engage and is accessible at all times.

Join the Pennsylvania Patient Safety Authority in congratulating George Miller for leading by example to reduce medication events at Jeanes Hospital.

*Jeanes Hospital provided for publication any included numbers and/or results. The Pennsylvania Patient Safety Authority has not confirmed, and bears no responsibility or liability for, these numbers and/or results.
